## Introduction

Khpal Kor Foundation is a reputable non-profit organization registered under the Voluntary Social Welfare Agencies (Registration and Control) Ordinance 1961 (XLVI of 1961) with Department of Social Welfare Government of Khyber Pakhtunkhwa. It has also been granted approval as NPO (Non-Profit Organization) under section 2 (36) of the Income Tax Ordinance, 2001 read with Rule 212 & 214 of the Income Tax Rules by the Commissioner Inland & Revenue Zone -II at Regional Tax Office Peshawar. The history of Khpal Kor Foundation dates back to October, 1996 when a group of spirited scouts namely Swat Scouts Open Group with support from local philanthropists laid its foundation to look after orphan children of the community. Starting with only five children it has now turned into a huge success and is imparting free education along with boarding & health care facilities to scores of orphan children from across the region. It has separated campuses for boys & girls providing education from Nursery to Fsc Level (12 standard) and also make arrangement in relation to higher education for orphan, poor and talented students at university level.

In the year 2015, Khpal Kor Foundation took laudable initiative by opening a Swat Evening College and admitted 80 students in the evening shift. Those were the students who were refused admission in other colleges because of limited capacity, the decision was taken to enable maximum students complete F. Sc. Similarly, Khpal Kor Foundation also enrolled 50 girl students in three different colleges at Shahpur, Purn and Chakesar District Shangla. The aim of the initiative is to promote girls education in the lowest female literacy District Shangla. A batch of 36 students from domestic child labor background families are continuing education with the support from Khpal Kor Foundation.

Another milestone of Khpal Kor Foundation is the purchase of 7 Kanal land for the establishment of Khpal Kor Village at Sherarai, Mingora Swat. The idea of Khpal Kor Village generated to provide the little flowers of Khpal Kor Foundation with a family style environment for better look after and brought up facilities. Khpal Kor Village will facilitate 100 orphans<sup>10</sup> in each flat to be served by an educated mother and an Aya/ Khala will also be available for cooking, cleaning and laundry services. The village will have own primary school, playing facility and recreational park. The little orphans will read there up to grade three and then will be bifurcated into the existing boys and girls campuses respectively.

### ASAD ULLAH

Asadullah was born in a middle class family of Mingora Swat. Since his childhood he has a strong desire to serve his country and its people, particularly, the needy segment of the society. With his sublime ambitions he excels in the field of education. Academically, he remained topper in school's examinations and topped Khpal Kor Model School in the SSC examination. Maintaining his brilliant educational record he got the Star of the KP award by achieving sixth position in the FSc pre-engineering examination conducted by the BISE Swat.

He also qualified the ETEA test by securing 15th position in the entire KP province. Despite financial challenges he excelled in his educational career and moves forward. Presently, he studies civil engineering in the UET Peshawar and is committed to not only maintain his flaring educational grades but also works hard to improve it and achieve his optimum goals. Asad Ullah says after graduation he will try his best to join civil services of Pakistan as it will help to realize his dreams of serving his country and be a part of its development.

"I am really grateful to the administration of KKF for its generous support and guidance. I believe that without the support of KKF I could not continue my educational journey and achieve my goals," he says.

### Mohammad Siyam, a brilliant student of Software Engineer.

Mohammad Siyam, a resident of Landaykas Mingora, was extremely excited when he was awarded a scholarship in the 4-year software engineering programme in Sri Lanka as it was his dream to become a software engineer. A brilliant student from grade one Siyam's life became troubled when his father, Muhammad Iqbal, who was a rickshaw driver, died of a heart attack in 2006. For him pursuing his dream of becoming software engineer became hazy. He describes his story. Till 2006 we had a normal life as my father arranged our livelihood along with providing good education but life got hard when he died in 2006 of heart attack. After my father's death, my step elder brother supported me in education to some extent but it was difficult for him to earn

livelihood for seven-member family and afford my education further. However, my brother could not afford my further education and my dream of becoming a software engineer was at stake. Mr. Siyam Says "Learning about our financial condition and my desire to get higher education, officials of the Khpal Kor Foundation, the local partner of ISRA-UK "Feed the Poor" gave me admission, free of cost, to pursue my education where I studied hard. Apart from getting high standard education here I learnt practical life oriented skills and English language through effective mentorship in KKF. Meanwhile, I came across a newspaper advertisement about the Government of Sri Lanka presidential scholarship for FSc students in the four-year Software Engineering programmer, advertised by Higher Education department. I applied for the said scholarship by the guidance of KKF and was successfully awarded the scholarship."

## Evening College for Boy Students of Government Schools in District Swat

Khpai Kor Model School & College has arranged evening classes in the name of Swat Evening College since last year for those students who have passed their SSC examination from Government Schools. Due to tough merit and less seats and both in Jehanzeb and Degree College this year and a large number of "A" grade scored students have been deprived of admissions in 1st year. Therefore, they were called to submit their admission forms and 50 deserving students were selected through an entry test for Swat Evening College.
